**SKU:** 401490

**Categories:** [Barber Tools](#), [Brush & Combs](#), [Combs](#), [Hairdressing](#), [The Barber](#), [Tools and Essentials](#)

### Product Description

The 22cm Pom Delrin Comb is a versatile, high quality hair styling tool ideal for detangling, styling and styling hair. Made from Pom Delrin, a durable and hard-wearing material, this comb offers excellent performance and longevity.

- **Durable Material:** The Pom Delrin Comb is made from a high quality polymer known as Polyoxymethylene (Pom) Delrin. This material is renowned for its resistance to wear, chemicals and heat, making it a reliable choice for heavy duty use.
- **Optimal length and design:** With its length of 22 cm, this comb is perfect for versatile use on all hair types. Its ergonomic and lightweight design facilitates handling and offers precise control when styling.
- **Gentle detangling:** The wide, wide-spaced teeth of the comb gently detangle hair, reducing the risk of breakage and damage. It is suitable for wet or dry hair, whether thick, curly or fine.
- **Versatility of use:** This comb is versatile and suitable for different hairdressing techniques. Whether you want to straighten, curl, detangle or style your hair, this comb will meet your needs, giving you precise and professional results.
- **Easy care:** The Pom Delrin comb is chemical resistant and can be cleaned easily in warm water with mild soap. It retains its shape and performance even after prolonged use.

The Pom Delrin 22cm comb is the essential accessory for an impeccable and effortless hairstyle. Its durability, versatility and ability to gently detangle make it an essential tool for hairdressing professionals as well as everyday home use.
