AC Barbicide Glass Container for Disinfection 120ml

Read More

SKU: AC106164

Categories: Beauty Tools, Sanitizing Products, Tools

Product Description

The handy small container is perfect for disinfecting small items such as cutters, tips from devices, e.g. microdermabrasion, brushes, cutters. Loved by mobile beauticians. The container

is made of high-quality glass resistant to chemical biocides. The characteristic BARBICIDE container with a transparent blue disinfecting liquid is a symbol of a professional and high-quality office. Barbicide container known in beauty salons and hair salons around the world. The aesthetic container and the pleasant smell of the Barbicide solution encourage professionals to disinfect them frequently, even in the presence of the customer. ***SHOW YOUR CUSTOMERS THAT YOU TAKE CARE OF THEIR HEALTH! DISINFECT ON THE CUSTOMER'S EYES IN THE BARBICIDE CONTAINER!***

Usage Pour 80 ml of water into an empty container (preferably standing still). Measure 5 ml of Barbicide concentrate. Immerse tools and accessories in the prepared solution. After 10 minutes, effectively disinfected tools and accessories are removed and put on a prepared, clean place. Disinfection methods depending on the type of tools and accessories are listed in the "Instructions for preparing the solution" attached to the Barbicide Koncentrat product description.
