Product Description

Scissors Kashikoi Kat 5.5'

KAT 440C

Find the perfect point cutting shear for you. Kashikoi Kat hairdressing shears feature narrow blades and pointy tips that are excellent for thinning hair at the ends. Even more, the speedy feature is added. The secret is in the original tooth design that results in resistance-free action, allowing captured hair to slide. Perfect for texturizing and managing volume from the hair roots to the hair ends. Minimal line of demarcation and prevents pulling of hair even on dry and soft hair.
